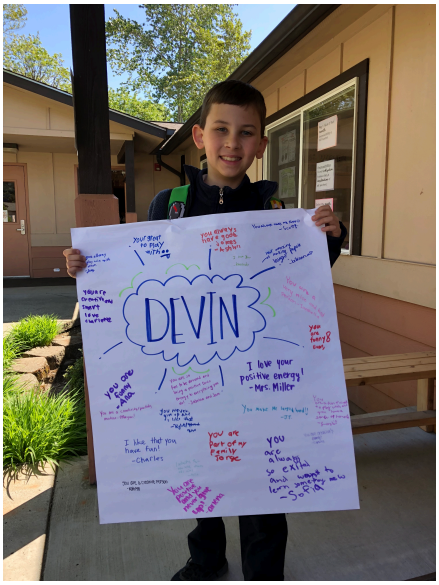
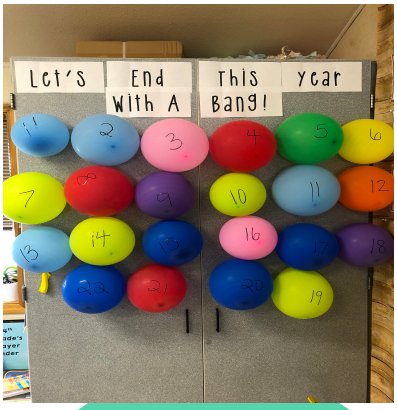
4th Grade News!

May 10th, 2019



We have officially started our end of the year countdown! Each day, we pop a balloon to reveal the VIP of the day. That person gets showered with compliments and special perks. What a great way to end the year!



Our First VIP, Devin!

Math

We spent this week practicing comparing fractions. It was tough, but students worked hard to understand it. Next week, we will learn mixed numbers and improper fractions.

As always, students are still expected to review their multiplication facts, and a review on multi-digit multiplication and long division periodically would be great. These are tough concepts and practice is always beneficial.

Work Hard. Be Kind.

ELA

We are finishing up *The Name of This Book is Secret* and we will start *Jackie and Me* soon!

In Writing, students studied commas and how to use them in dates, and in a series.

Next Week:

✓Do you have any old silverware at home you're looking to get rid of? We could use some donations in our lunch room, as we have started to run out! While you're at it, please check to see if your child brought home a school spoon or fork on accident. Thanks!

✓Please help your child stick to our uniform policy! Hats are fine to wear outside, but they should be taken off during lunch, class, and especially Mass!

✓Our class t-shirts have been ordered and will be here a few days before Field Day.

Important Dates:

May 10th – Botanical Gardens Field Trip
May 24th – NO SCHOOL
May 27th – NO SCHOOL
May 30th – Math Carnival (4th Grade in Charge)
May 31st – Fly-Up Day and Field Day!
