4th Grade News!

January 17th, 2020

Wow, what a crazy week we had with all the snow! Thank you for your patience and attention to safety these last few days. In class, students began learning about types of rocks and how to identify them. We began a study on the Rock Cycle!

This month, the 4th Graders are leading at Mass, and you are invited to attend each Wednesday to support the students!

Rocks Rock!

Math

Due to snow, our test was moved to 1/16 and all students did great! We will continue to Ch 6, with more practice with multiplication.

We skipped Ch 5 for now, as I feel it is better to go right to Ch. 6. The homework will occasionally have "spiral review" concepts that are from Ch 5, so please don't be alarmed if your student does not know those skills. They can just skip those activities. Thank you

PLEASE: Quiz your child on their multiplication facts any chance you get!

Work Hard. Be Kind.

ELA

We finished reading *The One and Only Ivan*! We will review key comprehension concepts and vocabulary of the text before moving on.

Next Week:

The Fourth Grade class will be in charge of our school Mass in the month of January. Each Mass, students from our class will do the first reading, as well as bring up the gifts. You can find the schedule on our website, as well as attached to this email. If your child has a role in Mass, please help them practice the readings over break. You are also welcome to attend Mass. It means so much to them to see you there supporting them and participating in Mass.

Upcoming STAR Tests:

STAR Reading - 1/14 * **Rescheduled due to snow to 1/21**
STAR Math - 1/24

Catholic School's Week is coming up!
