October 9th

A Note from Ms. Nelson

Dear 4th Grade Families,

What a busy and fun week in 4th grade! We got to sing at Mass again on Wednesday, we explored plate tectonics using graham crackers and marshmallow fluff, and we ended the week with Move-A-Thon! We had a blast, and the fourth graders did such a great job setting a good example for the rest of the school on how to have fun and stay safe!

As you know, we have a busy couple of weeks ahead of us! Students brought home a permission slip for our field trip in 2 weeks yesterday. Whenever you get a chance please sign it, and send it back with the \$13 for your student and yourself if you are going to chaperone/drive.

Next week on **Thursday** we will also begin building our salt-dough maps of Washington State. I have had several parents offer to donate supplies, which is so appreciated! If you can spare an afternoon and are willing to get a little salt-doughy a few more sets of hands in the classroom would be greatly appreciated. Just email me if you are able to help.

Know of my prayers for you and your family always, and enjoy your weekend!

Best,

Ms. Nelson

Halloween!

Upcoming Tests/Projects:

Math: Mid-Ch. 3 Quiz, Friday 10/20
Reading: Spelling Test, Friday 10/20
Science: Plate Tectonics Test,
Wednesday, 10/18

Halloween Party!

Code to
volunteer for
the Halloween
party!

Halloween is only 19 days away! You should have received an email from Nicola Templeton, this year's room parent, about volunteering to help with our class party! We have lots of fun activities planned, so any helping hands will be appreciated.

Students are welcome to wear their costumes ALL DAY on Halloween! They need to be school appropriate: no weapons, no gore, and no masks that obscure their whole face. I am looking forward to seeing their creativity!
