

4TH GRADE

Week 11

Newsletter

Week of January 8th

A Note from Ms. Nelson

Dear 4th Grade Families,

We have been working hard in 4th grade this week! In Reading we wrapped up the first part of the Tale of Despereaux, and explored making text-to-text connections, made pretend Instagram posts about our favorite scene in the story (complete with comments from other characters!), and considered the importance of figurative language. In Math, we dove right into long division, and students are really doing so well with it! It is always a tough concept, but they are off to a great start! In Science we continued our exploration of energy, and even spent a day labeling different parts of the classroom with what kinds of energy they used and produced. In Religion, we wrapped up our discussion of the 10 commandments, by talking about the importance of love. A great week, overall!

There are always fun things happening in our classroom, so please take a moment to read next week's WAG for a peek ahead!

Know of my prayers for you and your family always, and enjoy your weekend!

Best,

Ms. Nelson

January Masses

4th grade will be responsible for leading the school community in prayer at Mass for the month of January! Students from our class will serve as readers, gift bearers, and as always, the choir! We would love to have you celebrate with us any Wednesday in January at 9am. **All are welcome!**

Catholic Schools Week

Catholic Schools Week is coming up! It will kick off with an open house on Sunday, 1/28, and we will continue to celebrate our Catholic School Pride throughout the week. Please take a look at the Family Newsletter for a list of all the exciting activities!

Passport to Adventure

Looking for something fun to do over your weekend? Try checking something off your child's Passport to Adventure! Remember, Passport activities are not required, but encouraged!

Upcoming Tests/Projects:

Math: Mid-Ch. 6 Check - In, Tuesday 1/16

Reading: Spelling Test, Friday 1/19
