A Note from Ms. Nelson

Dear 4th Grade Families,

Have I told you recently how awesome your children are?! In writing this week, we took time to learn about Dr. Martin Luther King and his legacy, focusing more specifically on his "I Have a Dream" speech. Students took time to consider what their dreams were for the future; from material things like wanting to own a fancy car, to even more priceless things like wanting to have a family or travel to different places around the world. Students also considered the dreams they had for the world. They included things like an end to war and violence everywhere, an end to sickness, equality for all, an end to poverty - the list goes on! It warmed my heart and brought tears to my eyes to see them so quickly and easily consider the needs of others. They are such thoughtful kids, and I cannot wait to live in the world that they will create!

There are always fun things happening in our classroom, so please take a moment to read next week's WAG for a peek ahead!

Know of my prayers for you and your family always, and enjoy your weekend!

Best,

Ms. Nelson
