Week 14

A Note from Ms. Nelson

Week of
December 4th

Dear 4th Grade Families,

It was nice to get back into a little bit more of a routine this week after the St. Nick Night Excitement last week! We were able to get started on an end of unit project in Science, as well as begin working on a Social Studies Project about the Native People of the Columbia Plateau. Students have been getting so creative, and showing so much growth in their independent learning practices. I am so proud of them!

Next week will be a spirit week with themed dress up days to get us in the Christmas Spirit! The themes are noted below, as well as in our week at a glance. I will encourage the class to use things that they already have at home, in hopes of discouraging any last minute outfit conundrums the night before. I am looking forward to celebrating this joyful season with all of them!

Know of my prayers for you and your family always!

Best,

Ms. Nelson

carpool Reminders

Safety at carpool is our number 1 priority!
Please remember to drive SLOWLY when you're on school grounds, and do an extra check if you pull out to pass another vehicle.
